## **Perfect Solutions - Shipping | Custom Clearance | Indenting**

*Is a recognized company in Lahore Pakistan, which provides its services for the purchase of any product from a reputable manufacturer with a global presence. In addition to enabling and facilitating our overseas principals and suppliers to sell and advertise their products in Pakistan as they do in their home countries, we believe in offering top-notch services to local clients.*

## Introduction

# Meerab Enterprises

*"Only Solutions, not Problems "*

More than a decade of hard work with superior service, we never compromised on quality. We are operating all over the nation & serving pharmaceutical, nutraceutical, homeopathic, veterinary, cosmetic, Food, Agriculture and Textile Industries with the best Raw Materials from the whole world.

With our customers at the heart of everything we do, our driving focus is to create trustworthy and responsive relationships, ensuring the materials and services we provide achieve consistent standards and exceed your expectations.

Meerab Enterprises filled a gap in the independent chemical supplier sector. Since then, our growth and development have been underpinned by our desire to become a leader in our chosen field. Our commitment; to ensure our customers are at the heart of everything we do, is as true today as it was many years ago.

Commercially, our success is based on our ability to buy and sell. Operationally, our success is based on our ability to supply you with what you need, and when you need it. We offer a professional and reliable supply service throughout Pakistan, providing a complete package that encompasses everything that your business could need from simple commodity chemicals to complex blends.

If you are looking for Excipients, Extracts, or Other Raw Materials for your Pharma, Nutra, Homeo, Veterinary, Cosmetic, Food, Agriculture and Textile Industries. please get in touch.

## Our Mission

To become leading suppliers in Pakistan. Providing quality is our commitment to excellence achieved by continuous improvement.

## Our Vision

To develop the best resource and solution to add value to business with a progressive approach.
